

NEXT SCHEDULED  
MAINTENANCE  
500,000 MILES

# On the Road to Less Maintenance

ConMet's PreSet<sup>®</sup> hub assemblies have a recommended service interval of half a million miles\*. Think of it as 500,000 miles of smooth sailing.

PreSet<sup>®</sup> hubs utilize pre-adjusted bearings to facilitate proper installation, extend seal and bearing life and simplify maintenance requirements. The result? Your vehicles spend less time in the shop and more time on the road. Just another way ConMet is *pointing the way*<sup>™</sup> to more value for our customers.

To find out more about our full line of wheel-end components, call **1-800-547-9473** or visit us online at [www.conmet.com](http://www.conmet.com).
